

OCHRE HORIZON GROUP

Capability Statement

WHO WE ARE

Ochre Horizon Group Pty Ltd is a Leonora-based services company delivering labour hire, maintenance, demolition, circular economy, and advisory services across regional Western Australia. We work with mining contractors, government agencies, commercial operators, and community organisations across the Goldfields, Pilbara, Mid West, and surrounding regions.

Our approach is practical and commercial. We understand the operational constraints of regional work — cost, logistics, workforce availability — and we deliver solutions that work in real conditions.

OUR SERVICES

1. Labour Hire & Field Support

Structured workforce delivery for mining, industrial, and commercial operations. Trained personnel, safety-ready, and scalable to project needs. Includes entry-level and skilled roles with progression pathways.

2. Minesite & Industrial Maintenance

Responsive on-site maintenance, equipment support, and operational continuity. Local teams, practical solutions, and reliable delivery across mining and industrial sites.

3. Demolition & Decommissioning Support

Safe, compliant site clearance and asset removal delivered through licensed partners. Includes site assessment, environmental compliance, and responsible disposal.

4. Resource Recovery & Circular Economy Processes

Waste stream assessment, material recovery, and resource optimisation. Local processing, documented outcomes, and landfill reduction.

5. Advisory & Support Services

Grants, tenders, procurement support, and strategic planning. Assistance navigating government programs and commercial opportunities.

COMPLIANCE & CREDENTIALS

- **ABN:** [INSERT ABN]
 - **ACN:** [INSERT ACN]
 - **Workers Compensation Insurance:** [INSERT DETAILS]
 - **Public Liability Insurance:** [INSERT DETAILS]
 - **Safety Compliance:** All work delivered in accordance with relevant WA safety and environmental regulations
